THE SCENARIO

I specialize in completely custom web design and development using WordPress, Shopify and custom HTML solutions. Everything I design is from the ground up, and I design and develop with the importance of the user's experience and how they need and expect to engage with a website or application.

I am highly creative with a strong attention to detail and understand the importance of strong communication. I am highly independent and agile. Working on all aspects of websites is what I love to do.

EXPERIENCE

2018 - Current

AARON CREATIVE LLC - Central Coast, CA
Freelance Web Design / Development & Graphic Design

Design and develop 100% custom WordPress and Shopify websites, both informational and e-commerce. Also handle all aspects of Graphic Design.

2016 - 2018

SMARTBUG MEDIA - Newport Beach, CA
Web Designer - West Coast

Design custom corporate-level websites based off wires from the national UX/UI team. Websites were then developed for HubSpot / Magento. Also created and managed large image decks for each site.

2015 - 2016

IMW AGENCY - Costa Mesa, CA
Sr. Web Designer / Front-End Development

Designed and developed custom WordPress, Shopify, BigCommerce and custom HTML websites. Responsible for the process from beginning to completion. Most clients were medium to large scale corporations.

2011 - 2015

PACIFIC DENTAL SERVICES CORPORATION - Irvine, CA
Sr. Web Designer / Front-End Development

Designed and developed (front-end) custom websites and applications that fused into a .NET C# environment. Also did video animation and editing for commercials, kiosks, nationwide major league stadium digital signage animations. I was also responsible for all UX/UI and managed over 500 client-side websites and five other websites for companies under the umbrella company.

2x Employee of the Quarter Award

2002-2011

AVAILABLE UPON REQUEST

EDUCATION

Brooks College - Long Beach, CA
AA Visual Communications - June of 2002
Graduated top of class with honors
